## Welcome

### Sai Symphony

The Sai Symphony, a humble offering to Swami by the children, is a demonstration of oneness, discipline and unfettered faith in Him. Music transcends barriers of language, gender, medium and age. This musical ensemble has made the artists try new things, test their extremes, challenge themselves and learn new pieces of music to offer to Swami. Sit back and enjoy as they communicate with our beloved Lord through their percussive rhythms and melodious notes.

### The World is a Rainbow

The children of Pre Balvikas humbly offers Bhagawan a presentation titled "The World is a Rainbow". These young messengers of Swami remind us all that just as the white light travels through the prism and manifests itself as resplendent colors of the rainbow, Bhagawan travels through us and manifests himself as a rainbow of many cultures, traditions, nationalities, and types of people. The world is indeed a rainbow with all kinds of people and when we live and work in harmony, we make a beautiful world.

### Formula for Success

The play depicts the struggle of an athlete in achieving his dream of becoming a National boxing champion. The play shows how the athlete overcomes adversities, by adhering to a "Formula for Success". That formula for success is - Follow the Master, Face the devil, Fight till the End and Finish the Game. The play demonstrates how the 4F's can be implemented in daily life and become everyone's formula for success

### Group 1 Performance

Can we see and feel God? Absolutely. With intense yearning in the heart and pining for the Divine Love of the Lord, there is nothing that cannot be achieved. The little ones will divulge this secret through their dance by offering examples of great souls like Meera, Shabri and Yashoda who achieved Oneness with God through their intense devotion.

## Dance Performance

We all worship God based on our culture and traditions. Hindus call it Pooja, Muslims call it Ibaadat, and Christians call it worship and so on. Some believe in Form and others believe in the Formless, but no matter your belief, its music that flows through every religion and faith in this world. Bhagawan Sri Sathya Sai Baba has said that when we speak, the words are first heard by the mind, then processed and then internalized. But when we sing, we use music as the Divine nexus to the Lord, and this music penetrates the deep recess of every heart permeating it with Peace and Bliss.

### From man to Mahatma

The path to Goodness is often hard and full of obstacles. We unfold the souljourns of a Man who wanted to free himself and arise not one, but an entire nation to freedom by holding on to the ideals he was raised with - TRUTH and NON-VIOLENCE. "Your belief become your thoughts, your thoughts become your words, your words become your actions, your actions become your habits, your habits become your values, and your values become your destiny". His life was a testament to these words, as He tried to embark on a journey to rise from being man to Mahatma by keeping thoughts pure, words kind and actions humane. It is the story of how Mohandas Karamchand Gandhi, a normal barrister like any other in enslaved India, embarked on a journey to realize beyond himself which revolutionized his motherland to freedom and elevated him to become "The Mahatma", illuminating to the generations to come, the greatness in values of Truth, Patience and Non-Violence.
